

LEASE AGREEMENT — ADIDAS STORE (UNIT 105)

Lease agreement - lease_adidas_105 - Generated from Operio source markdown

This Lease Agreement is entered into by and between **Operio Mall Properties Ltd.** (Landlord) and **Adidas Canada Ltd.** (Tenant) for the premises located at Unit 105, Sector B.

Section 11. Facilities and Mechanical Services

Section 11.1 - Heating, Ventilation, and Air Conditioning (HVAC)

The Landlord shall maintain, repair, and replace the centralized HVAC system serving Unit 105. The Tenant is exempt from direct repair costs, provided that the Tenant does not obstruct intake vents or modify thermostat settings outside of authorized ranges.

- **Tenant Obligation:** Tenant shall notify Landlord immediately of any temperature fluctuations. Tenant is not authorized to hire third-party HVAC contractors.

Section 11.2 - Glazing and Storefront Glass

The Tenant shall assume 100% operational and financial liability for any cracks, chips, or breakage of the storefront window glass, regardless of cause.

Section 11.3 - Visual Merchandising Power Loads

Tenant may install branded display lighting, digital signage, and merchandising fixtures inside Unit 105 at its own cost, provided that all final branch connections remain downstream of the electrical demarcation point and comply with Landlord electrical standards.

- **Tenant Scope:** Decorative fixtures, in-store transformers, lamps, and sign drivers are the Tenant's responsibility.
- **Landlord Scope:** Main feeders, base-building panels, and shared neutral faults upstream of the demarcation point remain the Landlord's responsibility.
- **Diagnostic Escalation:** If repeated fixture burnouts or broad flickering suggests a feeder, panel, or voltage-quality issue rather than isolated fixture failure, Tenant must notify Landlord and may not treat the issue as a simple bulb-replacement matter until the upstream supply is inspected.
